Protests Regarding the Dupont Club Race.

CRICKETERS TO GO ABROAD

At a late hour last night Martin Julian accepted an offer of \$10,000 purse, made by the Hot Springs Athletic Club for a fight on October 31, under its direction. Julian at once started for Spring Lake to confer with Corbett, who declared early in the day that he would fight for any kind of a purse on, before or after October 31. Flysimmons made this statement to an

The stewards of the Westchester Racing Association meeting have written to Mr. E. J. Baldwin, in reply to his communication protesting against their decision to refuse entries of the Rey El Santa Anita stable, that they are not satisfied with the manner in which his horses are run, and that, under rule 42 of the rules of racing, his further entries at races of this meeting will not be received. The letter continues: "The above decision does not affect your entries to stakes already closed. I am further instructed to point out to you that this resolution only contemplates the refusal of entries of your stable at the present meeting, and does not go beyond this. The matter has been referred to the Jockey Club for further action, and you will then have an opportunity to present such testimony as you may deep the period of this meeting.

"Your offer to place Arapahoe and Rey El Santa Anita at the disposal of the stewards, to be trained under their supervision, in order to prove and substantiate your statements, or any other suggested Interference in the management of your stable, cannot be considered.

"If the running of your horses, as well as that of any other stable, is not satisfactory to the stewards of the meeting they have the privilege, under the rules of racing, of refusing the entries of such stable without a meeting to instruct stables about their trainers, jockeys and managers, or to indicate to owners whom they shall or shall not have in their employ. The mere granting by the Jockey Club of licenses to trainers and jockeys, and the right to withdraw them, does not refleve the owner of the stable where they are employed from the responsibility of its management as a whole. The Jeckey Club of licenses to trainers and jockeys, and the right to withdraw them, does not refleve the owner of the stable where they are employed from the responsibility of its management as a whole. Athletic Manager Desibourge of Yale has received a letter from Captain Bullard of Harvard, and later admitted that there was Harvard, and later admitted that there was but little hope of a boat race between Harvard and Yale next June. He also said no agreement had been reached regarding the proposition for Yale to row the winner of the Oxford-Cambridge race.

Live Bird Shooting.

The live bird shooting tournament under the auspices of the Dupont de Nemours Company of Wilmington, Del., began at the grounds of the Baltimore Shooting Club yesterday. The day's program included sweepstakes events, the principal one being the Maryland handicap, at fifteen birds. Jacob Pentz, the veteran New Yorker, had charge of the handicapping.

A New Record.

WABASH, Minn., October 23.—A new record for 100 yards square heel and toe walk has beza made in this city by the pedestrian "Cowboy" Smith. Mr. Smith went out to break the record, which was 14 3-4 seconds, and succeeded in lowering it to 14 seconds.

Racing at Newmarket.

LONDON, October 23.—At Newmarket today twenty horses ran in the malden (at
entry) plate, of 3 sovereigns, for two-yearolds, over the Bretby stakes course, six
furlongs. Mr. Theobald's Bucephalus won,
Mrs. Langtry's Robespierre was second and
Mr. C. S. Newton's Royal Blade third.
The Cambridgeshire stakes were won by

bers, the committee agreed to have the loycott removed. After fully discussing the matter last night, the federation voted that the concern must remain on the unfair list until the gas fixtures hung by the electrical workers shall be removed and the entire work performed by union plumbers. The electrical workers claim that plumbers have no right to put combination fixtures in a building, but what they will do relative to the matter has not yet transported.
